F.C.C. QUARTERLY ISSUES/PROGRAMS REPORT
Quarter 4, 2007
(October 1-December 31, 2007)

ELEVEN ISSUES IDENTIFIED

1. COMMUNITY VALUES/DEVELOPMENT & MENTORS.

***Main focus this quarter is community expansion & improvements. Example:**

***DePere residents begin traveling through the newly completed roundabout and main bridge connecting east & west sides of the city.**

***Project Promise formed to educate the Appleton Valley communities that poverty exists in the Fox Valley & to find solutions to the problem.**

***Mayor Schmitt brings community groups together to give Green Bay an image makeover, to include but not focus on the Packers.**

***Revitalization of Green Bay's downtown business district is evident, including plans to continue to replace present buildings with attractive housing for residents and community parkway construction, and new businesses.**

***City officials and residents debate city council proposed ruling on where re-habilitated sex offenders can live within city limits.**

2. CRIME/VIOLENCE, Including Law Enforcement and Protection

***Violence in schools and community businesses this quarter have affected residents and law enforcement officers. The Crandon shooting shocked the small community, as well as students and families in all communities in Northern Wisconsin.**

Law enforcement, education administrators & counselors, parents, students are all on alert and working to provide protection. Example: (1)Three students at East H.S. in Green Bay appeared in court and sentenced to prison.

***Home burglaries and retail burglaries increased throughout Green Bay area. Neighborhood groups are formed to work together to stay alert to report suspected criminals. Businesses band together also to help one another.**

***Bomb threats in schools continued in elementary, secondary, and universities. Pulaski Public schools in particular have received & responded to more bomb threats this quarter.**

3. EDUCATION

***Support for excellence in public education was recognized in the annual project called “Golden Apple Awards”, which organized by Partners in Education, Green Bay Chamber of Commerce.**

*** The “Golden Apple Teacher Awards” project began Oct. 17th. Students nominated teachers to receive the Golden Apple Awards. Nominees were featured in stories in FOX 11 News. The 7 finalists will be announced on March 13th, 2008. WLUK-TV will air a one-hour program April 16, 2008 recognizing the 7 finalists.**

***University of Wisconsin-Green Bay improved education curriculum by offering a new major in Native American History.**

***Homeland Security changes were adopted by local schools. Three Green Bay East H.S. students were apprehended & jailed following a tip from another East High School student. School doors are now locked, with only a main entrance open to the school.**

***Schools in the area continued to face issues of security and student safety due to the increase in bomb threats at area elementary & secondary schools. Often students are not allowed back into schools for a day, until buildings are thoroughly checked by Police. Schools are forming groups named SERT, School Emergency Response Teams.**

***The announcement in December brought relief to future Wisconsin college students. John Morgridge, a WI native & chair of Cisco Systems in California have started a \$175-million endowment fund to provide thousands of grants each year. FOX 11’s Lou Hillman reported the details.**

4. ENVIRONMENTAL CONCERNS

***Wind turbine farms continue to cause citizen concern. The proposal by Glenmore Town Board to add 8 new wind turbines in the town brought many citizens to town meetings. Residents are concerned about environmental noise, wildlife disruption & property value. Others promote the business interest based on environmental advantages.**

***Dead fish in Outagamie County waters brought the DNR and local boating facilities to take measures to prevent the spread of the VHS fish disease. Boaters are required to clean their boats & equipment after each use to prevent the spread of the virus.**

***Fox River Clean-up in Brown County continues to be a concern. Green Bay legislators Montgomery & Cowles support the U.S. EPA in their revised plan to**

clean up the PCB materials in the Fox River. The EPA is expected to issue a final decision on the clean-up in the near future.

***Due to severe weather conditions in Oct-Dec, home and business fires damaged local facilities.**

*** Gas prices continued to cause problems with businesses transporting food products. This cost increased is passed on to the consumer.**

5. FAMILIES, INCLUDING CHILDREN & TEENS

***Families welcomed home soldiers from their tour of duty in Iraq. The 1157th Infantry returned Oshkosh. Hundreds of area residents honored Capt. Kevin Kryst, West Bend pilot killed in Iraq. He was the highest-ranking Marine from Wisconsin to be killed in the Iraq war. He had returned to Iraq earlier in January for his second tour of duty. In Kenosha Sgt. Robert Basham was honored & his family received his medals for service to his country. Company Charlie of the 121st Field Artillery unit returned home to Oak Creek, WI on 7/19/07.**

Gas prices continued to rise. Some families curtailed their vacation plans based on fuel costs.

***The "Coats for Kids" campaign distributed coats to needy families. Schools helped collect and donate children's coats. The Salvation Army of Green Bay screened families who received clothing on November 4, 2007.**

6. GOVERNMENT PROGRAMS & ACCOUNTABILITY

***Northeast Wisconsin residents listened intently to newly sworn in Governor Jim Doyle as he visited communities in Wisconsin.**

***President Bush continued holding press conferences to outline concerns & planned solutions to eventually bring U.S. military troops home from Iraq. Negotiations continue with North Korea to stop nuclear threat.**

*** President Bush spoke further about military plans to accomplish control in Baghdad, and acknowledged goals connected to the anniversary of September 11, 2001.**

***President Bush signed legislation to give employees a better chance of getting retirement benefits they have earned from companies. It does, however, recognize gradual disappearance of pensions in favor of savings accounts controlled by individual workers.**

***Presidential candidates have already begun campaigning for the election in November 2008. Their main focus is on the economy, immigration, protecting our borders.**

7. HEALTH CARE/ISSUES/NEWS & REFORM

***Families across North America were shocked to find out about more product recalls. Millions of containers of cat and dog food sold at major retailers across North America had to be recalled due to adulterated wheat gluten found in all pet food distributed by Menu Foods. Federal testing found a chemical used to make plastics as well as rat poison. Reports included 14 pets died from eating the pet food. Menu Foods distributes for many well-known pet food retailers.**

***Major retailers pulled more toys from store shelves based on health hazards reported from the lead in the paint. Additional recalls involved construction of furniture, such as baby cribs, which can injure infants.**

***And food recalls of ground beef and white chocolate desserts alerted families to food poisoning.**

***New Healthcare facilities this quarter included: Pilot Program through the U.S. government focuses on New Health Care System. Wisconsin may be one of the test sites for new program. NE Wisconsin Technical College opens a new clinic in Green Bay; it offers primary health care to uninsured citizens. St. Mary's Hospital in Green Bay opened a new operating suite; new, updated equipment provides superior health care.**

8. BUSINESS & NON-PROFIT GROUP CONCERNS

Businesses were downsizing due to a falling economy. Stocks lost ground following a govt. report of a steep decline in new home sales.

Wisconsin industrial employment has grown this year. "Manufacturers News Inc." cites Wisconsin as bucking the national trend of losing manufacturing jobs. Example is Bayland LLC, turning tons of paper industry waste into building materials such as roof tiles, faux brick & panels.

9. MINORITIES, ELDERLY, WOMEN CONCERNS/CIVIL RIGHTS ISSUES

***Green Bay residents involved in the major concern with illegal immigrants in the communities. Green Bay Council debated how to keep business owners accountable if they knowingly hire illegal immigrants. Example: bar owners could lose their liquor license.**

***Northeast Wisconsin Technical College is changing its face as minority numbers grow in the area. NWTC sees 11.5% increase in minority student enrollment. Black students on campus have smallest presence; Hispanic students comprise the largest minority group.**

***Bellin Hospital set up their Hispanic clinic. Aurora Hospital anticipates completing an emergency unit specifically oriented to meeting emergency medical needs of minorities within Brown County communities.**

Racial tension is evident in several incidents including Police who are enforcing disputes at area bars and restaurants.

10. SUBSTANCE ABUSE, INCLUDING DRUGS & ALCOHOL

New Chief of Police, Jim Arts, began working on his Top priority in Green Bay, and that is to reduce the spread of illegal drugs in the community. And DePere School District adds a new provision – they will do random drug tests for all students in co-curricular activities.

Drugs in Schools are a problem. Nine Kimberly H.S. students were expelled after selling Adderall in School. Administrators are working to eliminate selling prescription drugs in schools.

TV ads will soon appear about the dangers of meth & its addictive nature to young people.

Federal Court orders cigarette companies to publish on labels and in advertisements the dangers of cigarette smoking.

11. AMERICA AT WAR & INTERNATIONAL CONFLICT

***President Bush spoke to the American people several times this quarter. He focused on how to bring soldiers home.**

***Local families welcomed home soldiers from several units who served in Armed Services stationed in Iraq. Over 600 soldiers from the Nat'l Guard unit were reunited with their families.**

***U.S. air strikes near the Pakistan border have killed high-ranking members of the Taliban's southern military. U.S. officials consider this one of our major victories because it can disrupt Taliban offensive plans.**

The nuclear threat by North Korea has all citizens alert to U.N. negotiations and the United States' position. President Bush talks with South Korea, China, Japan & Iran.

In December, America was reminded of the violent world we live in. Pakistan's Benazir Bhutto was assassinated. This action pitched Pakistan into a political freefall. The Bush administration is counting on Pakistani President Pervez Musharraf going ahead with upcoming parliamentary elections.

**RE: ARCHIVING PROCEDURE FOR DAILY NEWSCASTS RECORDED IN
"WEEKLY SUMMARY REPORTS" PLACED IN WLUK-TV'S FCC PUBLIC
FILE, *QUARTERLY PROGRAMS AND ISSUES REPORTS*.**

Throughout the day, video is edited for "on-air" presentation, and then is sent to a server in the Newsroom.

Each Newscast is titled on the server and the video used "on-air" is compiled onto an archive tape.

A log is created for each archive tape. This log includes information relating to the show, video title, and length of each piece.

The rundown for each newscast is opened and the following information is listed: archive tape number, length of video, format, (i.e. package, vo, vob, vosot), and a short description of segment content.

This procedure must be done daily and in a timely manner to insure that video is retained and available for future use.

It is my responsibility to archive all information, and print out a weekly log to be placed in the FCC Programs and Issues Report.

SPECIAL NEWS REPORTS

WEDNESDAY, OCTOBER 17, 2007, 9:45-10:32am – FOX

Network/WLUK-TV carried President Bush's White House Press Conference. The President outlined his concerns for Congress passing the Children's Health Bill, and reviewed the Iraq Benchmark Report & the concerns with Iran wanting the capacity to build a nuclear bomb. President Bush thanked U.S. troops fighting in Iraq.

CRANDON PRESS CONFERENCE, 10/9/07, 3:57pm to 4:14pm

Crandon Police Chief John Dennee and Wisconsin Attorney General JB Van Hollen spoke to the residents in the small community of 2,000 in Crandon, WI and to the media about the shooting rampage of Tyler Peterson, who killed 6 young adults and critically wounded a seventh person early Sunday morning, October 7, 2007.

He highly commended the first police officer on the scene, Greg Carter, who provided information and ran to safety in spite of high fire from Peterson.

The six young people who died were either students or graduates of Crandon High School, where Peterson also had graduated. They were at the house to share pizza and watch movies during the school's homecoming weekend.

Victims identified were Jordanne Murray, 18, Peterson's ex-girlfriend; Katrina McCorkle, 18; Leanna Thomas, 18; Aaron Smith, 20; and Lindsey Stahl, 14. The lone survivor, Charlie Neitzel, 21, of Pickerel, was upgraded to serious condition at a hospital.

Pastor Bill Farr read a statement from Peterson's family in which relatives expressed their shock and sorrow. "Our hearts go out to the victims, their families and their friends. We are grieving for your losses. We feel a tremendous amount of guilt and shame for the acts Tyler committed. We may never receive the answers we all seek. Like those close to Tyler we are in shock and disbelief that he would do such terrible things. This was not the Tyler we knew and loved."

RE: WEATHER SPECIAL AIRED IN QTR. 4, 2007.

Our half-hour weather special focused on tracking Wisconsin winters.

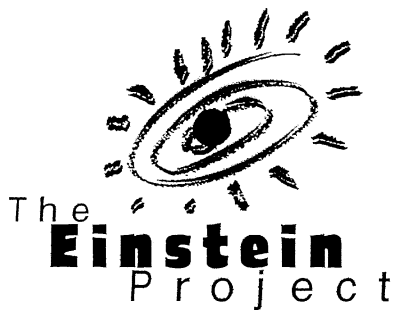

Pete Petoniak, Director of Meteorology for WLUK, explained why we experience the weather we do. Patrick Powell, Chief Meteorologist for WLUK, presented the winter forecast.

Doug Higgins, Meteorologist at WLUK, showed viewers how to stay safe during a blizzard.

Tara Hastings, Meteorologist at WLUK, showed how Wisconsin residents are adapting to changes in weather, snow, rain.

Pete and Patrick showed the newest technology available to consumers which takes the bite out of "Old Man Winter".

Dear Pete,

Thank you to you, Pete, and to FOX 11 from all of us at The Einstein Project for your donation of "Weather Whys" DVDs for our 1st grade Weather science units. The segments are both informative and fun, and the children will love them! The teachers will also appreciate this great addition to their arsenal of training materials for the Weather unit. Your contributions help us to continue to improve the quality of science education for children throughout our community and beyond.

The Einstein Project is built around the knowledge that experiential learning is the most effective, and when science is fun and engaging, students learn fundamental skills that they need in life. With the advent of modern technology, the new capital of the next century is brain-power, and this is where The Einstein Project delivers. Our economic future is dependent on teaching our children these skills, so they get interested in the careers that science is dependent on, and they come back to the area to practice medicine or build the next Procter & Gamble, Schreiber Foods or Green Bay Packaging.

We really appreciate your support of the work of The Einstein Project and your donation. Please also extend our appreciation to the other meteorologists and to everyone who had a hand in creating these delightful DVDs.

Yours truly,

Julie Paavola
Executive Director

MEMORANDUM

TO: General Managers, WBA Member Television Stations

FROM: Michelle Vetterkind, CAE, President

DATE: December 10, 2007

RE: "The Governor's Awards in Support of the Arts"

Enclosed please find a half-hour (28:56) program, "The Governor's Awards in Support of the Arts". This program is being provided to all WBA member television stations free of charge as a public service show suitable for airing during the holiday season.

You may recall that the late Jerry Bartell, who headed the Wisconsin Foundation for the Arts before his death in 1990, worked tirelessly to publicize the Governor's Awards in Support of the Arts ceremony. The WBA has worked the past 14 years with Jeff Bartell, Jerry Bartell's son, to revive public recognition of this event. The results of those efforts are the tape that is included with this memo.

This year's production was provided by WHA-TV in Madison, with assists from WFRV-TV, Green Bay, WLWK-TV, Green Bay, WDSE-TV, Duluth, MN, WKOW-TV, Madison and MEG Communications, Madison, as a service to the Governor's Awards and on behalf of the WBA and its television members. This is a quality program featuring interviews with the 2007 Governor's Award recipients, interspersed with portions of the Awards ceremony, which was held November 1 at the Governor's Mansion in Madison.

This is an excellent way to continue the tradition that Wisconsin television broadcasters have had in providing promotional support to the arts community in our state. We urge you to consider airing this program as your schedule allows and please let me know if and when you will air the program.

Thank you and Happy Holidays!

Do you have clips of the soldiers greetings to their families for the holidays? Friends of ours ~ Brent & Stacy Rouer do not have a TV. They heard from neighbors that their son, John Rouer was on either Friday or Saturday morning ~ wishing his parents a Merry Christmas. They would love to see it, possibly have a copy of it if possible?

TRANSPORTATION SAFETY

Lower speed limits posted in neighborhoods are there for a reason – when the unexpected happens you have time to stop. Even 5 miles over the speed limit can mean the difference between a near miss and a hit. Stop speeding before it stops you!

Name of Spot:	“WI Demonstration Neighborhoods” - :30 (this spot aired October 22-November 4 so it should still be in-house)
Dates of Play:	November 19-December 2, 2007 (two week period) <u>Reminder – this schedule will be running concurrently with the WI Army National Guard spots.</u>
Total Number of Times Aired:	Please play this spot at least 8 times during the two week period. As always, the 8 times played during this schedule should be broken down based on the NCSA program's 1/3-1/3-1/3 schedule concept: 1/3 during prime time (3PM -11PM) 1/3 during day time (7AM-3PM) 1/3 during all other times
Special Instructions:	Performance affidavits that should include the value of the announcements are to be filed with the WBA office at the end of the month or at the end (December 3, 2007) of this WI Department of Transportation - Transportation Safety segment of the program.

Thank you, as always, for supporting the NCSA/PEP Program!!

Dear Jay:

On behalf of the Ad Council's Board of Directors, I would like to thank you for WLUK-TV's steadfast support of our PSAs. In 2006, your station demonstrated a remarkable commitment to public service by donating valuable and substantial airtime to the Ad Council's PSAs.

Your contribution enables the Ad Council to communicate public service messages that help raise awareness, change behaviors and ultimately, save lives. In appreciation, we have shed light on your wonderful support by mailing a letter to Congressman Kagen (please see enclosed). This is one small gesture we do every year to thank those select TV stations who have demonstrated an exemplary commitment to our PSAs.

We are happy to report that in 2006, the media--TV, cable, radio, newspaper, magazine, online, alternative and outdoor--donated more than \$1.9 billion in time and space to our campaigns. It is only because of the collective and extraordinary generosity of stations such as WLUK-TV that we can proudly report such an impressive amount.

Moreover, broadcasters such as yourself allow the Ad Council to continue to communicate vitally important messages to local communities across the nation. Your support has been essential whether it's our *Generous Nation* campaign, which motivates Americans to give more of themselves in the course of their daily lives, our childhood obesity campaign or our "Boost" campaign, which motivates students to stay in high school.

For 65 years, the Ad Council's mission has been to leverage the power of the media and advertising communities to create positive social change. WLUK-TV's support and dedication to public service makes that possible and we are extremely grateful.

Should you have any questions or would like the Ad Council to send letters to any other Congressmembers in WLUK-TV's viewing area, please contact Danna Kulzer, the Ad Council's Director of Nonprofit and Government Affairs at dkulzer@adccouncil.org or (212) 984-1905.

Kind Regards,

Peggy Conlon

Honorable Steven Kagen

Dear Congressman Kagen:

The Ad Council, the nation's largest provider of public service advertisements (PSAs), is pleased to inform you of the outstanding support our PSAs received from television station WLUK-TV (located in your Congressional district and owned by LIN Television Corp.).

For sixty-five years, the Ad Council has relied on the pro bono resources of the advertising agency and media communities to deliver thousands of inspirational messages to the American people. Our PSA campaigns, created in partnership with our Federal Government and non profit sponsors, raise awareness, change behaviors and save lives.

However, the Ad Council's PSAs could never reach the public without the generous support of our media partners and stations like WLUK-TV. Rather than paying for airtime for our PSAs, we rely exclusively on donated advertising time from the media. We are delighted to report that in 2006, the media donated over \$1.9 billion in free airtime and space – an unprecedented amount!

In 2006, WLUK-TV donated an impressive and substantial amount of airtime to our PSAs. Their steadfast commitment to public service allows the Ad Council to continue to communicate important messages to your constituents, helping the families and communities of your district.

Because of the media's remarkable generosity, the Ad Council is able to communicate critical messages to the public on a host of pressing issues, including preventing youth reckless driving, obesity prevention, promoting financial literacy and autism awareness. In addition, the media rallied behind the Ad Council's new PSA campaign *Generous Nation*, which inspires Americans to give more of themselves (volunteering and donating) over the course of their daily lives.

Please join me in commending WLUK-TV for using its valuable airtime to improve the lives of your constituents. You may contact the station at the following address:

Jay Zollar, VP/General Manager
PO Box 19011

920-490-1445

If you have any questions regarding this TV station's notable contributions, please have your office contact Danna Kulzer, the Ad Council's Director of Nonprofit and Government Affairs at dkulzer@adccouncil.org or (212) 984-1905.

Sincerely,

Oneida Veteran PSA :30

The Oneida Nation is proud of its service to protect and defend their homelands. Oneida Warriors have defended their homelands in every conflict from the Revolutionary War to the present war in Iraq. Men and women of the Oneida Nation have fought valiantly to defend the rights, resources and people of the United States. Every branch of military service has had Oneida soldiers joined in unity to protect this country. The Oneida Nation salutes all United States Veterans in the land of the free.
